Public Hearing Process

✓ 7/8/2021

Public Comment Period

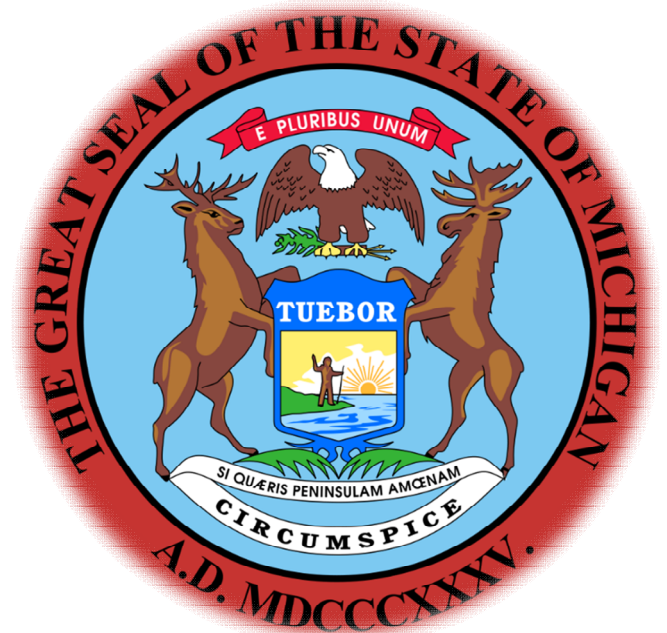

✓ 8/9/2021

Final Draft Rules submitted to JCAR

Promulgated Rules

Agency Report to JCAR prepared  
Check [MOHAR website](#) for progress

# LUST

- Goal: Reduce backlog of 8000 plus open releases by 25% over 5 years (FY'22 – FY'26)
  - EPA data evaluation of site database and release numbers
  - Consultant review of Part 213 implementation consistent with RBCA
  - Pilot projects to enhance triage of sites and use of contractors for closure
  - Engaged with petroleum industry regarding evaluation of historic site data collection to enhance data driven decision making
  - Database consolidation

# Redevelopment

- Address issues identified regarding approval of response activity plans and documentation of due care
  - Due Care obligations
  - Clarity in process and expectations
  - Focus group to develop workshop
    - Michigan Housing Council, Detroit Housing Commission, MSHDA, Environmental Contractors

# Program Clarity

- Consistent expectations for staff and regulated community
  - Dozens of retirements and personnel changes (loss of hundreds of years combined experience)
  - Updated 24 internal procedures
  - Conducted 44 staff trainings
  - Updated or created 12 external guidance documents and checklists to assist in meeting program requirements
  - Conducted 13 external webinars and training events
